Subject Your neighborhood council and the LANCC

To: Presidents of South Planning Area

I see that only the United Neighborhoods council is a member of the Los Angeles Neighborhood Councils Congress out of the 15 for your area.

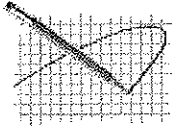

We need better representation on this board from your area if this is to succeed.

Please see me at the Congress of Councils at the Convention Center tomorrow for a proposition on what we can do to help with this issue.

Your input is critical to your stakeholders and the community in general. We are a diverse city and we cannot succeed without your involvement and input.

I will be either in the main room at the LANCC table or room 405 throughout the day for presentations important to your community.
